APRIL 1983

- * * * President's Message: Mike reminds us that it is time to start plans for our summer events.
- * * * Treasurer's Report for Feb. 21 to March 21. "Miles for Miracles" requests your assistance in the 18 mile walk for Easter Seals.
- * * * Ten-Ten Column: Read about the many certificates available to the 10-10er.
- * * * QRZ: This month's spotlight shines on Scott A. Fry, DA2FM/KB9YB.
- * * * Welcome Aboard: Check the Roster update for new NOARS members and changes.
- * * * Berry gives us the results of four contests and some contest updates. Also check the results of the 1981 CQ WW DX CW and Phone as printed in "CQ".
- * * * NOARS Novice/Tech: Read about "The Northern Lights" and a special event station operating from Novice, Texas.
- * * * Repeater Information from Lorain & Erie Counties and the Mansfield area.
- * * * Read how E.T. the Extra Terrestrial was aided by Amateur Radio.

*** President's Message ***

It seems everytime I turn around Marge, NSDNA, is after me for another Presidents Message. Where does all the time go? I guess I'm as guilty as anyone about not getting my "Log" input to the editor by meeting day. I'll try a little harder. In order to keep our NOARS LOG interesting and informative for our members, Marge needs INPUT--Please keep it coming. I want to thank all of the contributing editors who have helped make the LOG reflect the nature of our club--diversified and of general interest to all amateurs.

The winter operating season is winding down and I must say it was a very active and productive time for NOARS. We can now look forward to our summer events. The 1983 Field Day, NOARSFEST, and USS COD adventure should provide excitement and enjoyment for many NOARS members. It takes TEAM WORK to make there activities successful. PLEASE-think about becoming involved, you may find new friends and alot of pleasure from participating. Check the NOARS MASTHEAD for the names of the people to contact for the various committees.

TNX & 73, Mike, K8US

"MILES FOR MIRACLES"

On May 1st, the second annual Easter Seals "Miles for Miracles" will take place. The 18 mile walk is being held in Elyria to raise funds to assist children and adults with disabilities in the Lorain County area.

Last year, the Amateur Radio Community was indispensible in maintaining point to point and safety communications for this event. We are once again soliciting their vital services for the 1983 walk.

Any Hams who wish to assist, for even a few hours, in this year's operation can reach me on 146.70, 147.15 or 444.80 MHz, or by phone at 365-4001.

Sincerely, Bill Easterday, KBSFU

NOARS Country

Taken from "Beaver County QRM" Newsletter

TEN-TEN COLUMN

In this month's column we will "scratch the surface" of the many many awards and certificates that are available to the 10-10er. To the active "paper chaser", the 10-10 program is the pot of gold at the end of the rainbow. It is not uncommon for one to obtain 150 certificates and some of the dedicated 10-10ers have up to 1,500! The sky is the limit!

The main parent organization itself offers a few awards. Some of the more prominent ones are: "10-10 W.A.S." (self-explanatory) --- "10-10 Countries Award" (work at least 25 DX 10-10ers) --- the "BAR Awards" (For every 100 10-10ers you work, you get a "gold bar" seal to add to your original membership certificate.) Also in the "BAR Award" program, when you obtain the 500 plateau, you are issued an honorary "V.P." number which entitles you to be active for other various awards and certificate programs. Upon reaching the 1,000 - 2,500 - & 5,000 plateaus, you are given a very beautiful plaque. More details about the parent organization's offerings are printed in every 10-10 quarterly newsletter. This also gives one the information of how to and who to properly submit your award applications. This of course is only sent out to paid up members!

What about Chapter certificates??? Almost every chapter sponsors an awards program with AT LEAST a "basic" certificate to 10-10ers. One way to find out the information about individual chapters is to check into their nets and get it first hand. This method also gives you the latest information. Another method would be to ask someone who has a "number" from the chapter that you are interested in. By far the easiest way however is to obtain a "10-10 CHAPTER GUIDE." This booklet will give you all the information that you will ever need to know about 10-10 awards. It contains an alphabetical listing of all 10-10 chapters, their net times and frequencies, their certificate application information, the address of their certificate manager, and much much more. It is an invaluable aid to the active 10-10er. To get your copy, send \$3,60 to it's publisher, (who does this on a non-profit basis by the way) Mr. Jim Beswick, W4YHF, Route #5 Box 77B Ellijay, Georgia 30540, Jim is one of the 10-10 "big guns", is very very active, a heck of a nice guy and a "First State" member of our local "Beaver Valley" chapter. In fact Jim was on our very first net and holds certificate #9 which was the 2nd one issued out-of-area!!!

Well, this should hold you over till next month's column. You will soon learn that 10-10ing is as habit forming as DXing. It is very fun and enjoyable chasing numbers and awards. See you next month!!!

MINUTES OF THE MEETING * *

The Minutes of the Northern Ohio Amateur Radio Society of February 21, 1983.

The meeting was called to order by President Mike, K8US, at 7:45 PM. Officers in attendance President Mike, K8US and Vice-President Carol, AI8V.

Introduction of guests: Attendance of 98 at the meeting.

Minutes: The Minutes of the January 1983 meeting were accepted as read by voice vote of the membership.

TREASURE REPORT: Mike, KBUS, gave the treasure report with a balance of \$3,337.04. The treasure report was accepted by the membership with a voice vote.

COMMITTEE REPORTS

WINTERFEST: Doug, WD8BJY, reported a profit of \$680.00. Doug thanked John, WD8OTY, for taking care of the kitchen, and also thanked the other helpers.

MEMBERSHIP: Doug, WD8BJY, stated that dues are due by March first. Their are now approximately 350 paid members. Doug, WD8BJY, read a letter from a new member stating that the Youngstown area (Greensburge) has a new repeater on 145.27 - 600KHz all are welcome to use 1t.

EDITOR: Marge, NSDNA, reported that Bob, WDSPAQ, will be writing the QRZ column and that Pete, NSATR, and Mary, NSDMM, will be working on the "LOG".

10-10 CHAPTER: Chuck, KSRSH, reported that there will be an informal net on Thursdays at 7:30 PM local time on the net frequency (28.855).

SUNSHINE: Art, KASCPW, advised the members that Metro Wlasuk, NSCJU, passed on a couple weeks ago. Metro lived in Cleveland.

NOARSFEST: Art, KASGPW, gave a report on the up coming NOARSFEST.

USS COD OPERATION: Mike, KSUS, read a letter from Captain Gairing thanking N.O.A.R.S. for all that they have done for the USS COD and all of their futher efforts. Don, WDSRZG, has patches for \$1.00 each.

CONTEST: Terry, NBEDE awarded certificates to the following: Sprint; Dave, WD8MOV, Tim, NBAHK, Pete, NBATR, Multi-Multi 1982 CQ WW WFX; Ed-W8GBE, Tim-WD8TFJ, Mary-N8DMM, Mike-K8US, and Pete-NBATR. Chuck, K8RSH, received cert. for CQ WWDX SSB, ARRL 10 MTR, and ARRL SWEEPSTAKES. Vic N8TN received cert. for ARRL 10 MTR, ARRL 160, ARRL Sweepstake, and CQ WWDX SSB. Jerry, WB8IFO, CQ WWDX. Mike, K8US, ARRL 160 Mtr, Dave, WD8MOV, CQ WWDX, Bob-WD8JUF, ARRL CW Sweepstakes. Berry stated that this week end is the CQ 160 Neter contest and hopes to take #1 in the world again. Logs are available.

REPEATER: Denny, KSKXK, talked about the meter repeaters and how well the FM repeater sounds and covers. Denny then stated that he has a 10 Mtr. FM repeater waiting for a frequency pair and location. Denny hopes in the not so distant future that the 10 Mtr. FM repeater will be on the air. Denny also said that he had some Azden 10 meter FM trans-ceivers for NOARS members at the cost of \$230.00.

CORRESPONDENCE: Mike, KSUS, read a letter from Vic Clark, W4KFC, ARRL President. Vic stated he enjoyed receiving the LOG. He thanked for the help given to Tin, KASKQF, and commented on how well the Winterfest went.

OLD BUSINESS: NONE NEW BUSINESS: NONE

RAFFLE PRIZES: SWR meter, calculator, 24 hour wrist watch, and 1982 call books U.S. and DX.

PROGRAM: Mike, KSUS, presented Dave, WSYZ, and Cornell, KMSY.

Respectfully Submitted, Ned A. Jones, WD8CSP

This years second annual NOARS Winterfest was a smashing success! I would like to thank everyone who helped make this years event run even smoother than last years. The fun and excitement of a Hamfest in February, together with the friendship of old and new acquaintances, made a Sunday outing for over 400 Hams and electronic enthusiasts truly a worthwhile day!

The winner of the 4 AT was Charles Mote, NSBSJ, of Twinsburg, A special thanks to Don, WSQKO-Mike, KASRPD-Skip, NSBTT-John, WDSOTY-Marv, WSFCJ-Chuck KSRSH-Barry, NSEDE Carol, AISV-Pat, KBSAK-Mary, NSDMM-Dave, AISM-Gary, NSDIV-Ned, WDSCSP-Bob, KASICM-Neil, WDSNZR and Norlin, WDSADH.

This month's spotlight shines on DAZFM. Now that's a call you probably haven't heard lately on the local repeaters! It belongs to NOARS' member Scott A. Fry, DAZFM/KB9YB. Scott is presently Radio Communications Operator for the U.S. Army, stationed in PirMasens, West Germany. Besides operating the Mars station there, Scott also finds time to pursue his hobbies of photography, Boy Scout leadership and a new found pursuit of computers. He first became interested in Ham Radio while still in high school; was licensed as a Novice in may 1978, a General in December 1978 and Advanced Class in March 1981. Scott operates Kenwood equipment on 160 thru 70 Cm. His favorite aspect is working DX on SSB, but more important is his being able to communicate via Ham Radio with his Dad, KB9YC, back home in Southern Wisconsin. A list of Scott's accomplishments shows 1st place Novice 10 mtr. DX 1978, Code prof. at 20 wpm., WAS on both CW & Phone, WAC, RCC and others. His present goal is to obtain his EXTRA Class license.

Scott, we're pleased to have you as a NOARS member! Hope to see you at a meeting when you come back to the States for a visit home.

73,

Bob, WDSPAQ

"NOARS ROSTER UPDATE" *

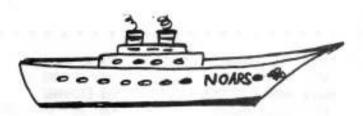

With this update are changes that have been recorded by Neal, WD8NZR. Once again, there are a number of newer members and changes that did not make the dead line for this update.

If you note an error for your listing PLEASE let us know, and thankyou for your patience. Like a growing business, we learn by our mistakes and strive for perfection. With NOARS now being one of the largest clubs in the world and still among the fastest growing, you can see why the roster and labels are an endless job.

Welcome Aboard to all the new members. We hope you will also strive to help NOARS keep the tradition of being the unifying club for all the amateur of our area.

As you may well imagine, trying to keep up with the NOARS ROSTER is an endless job. Included with this months newsletter, for your convenience, is a roster update. The last roster was printed in January, and since that time we have added 72 new members to the club. During a four hour period at the Winterfest, 22 amateurs came aboard.

MEMBERSHIP NOTE

As of April 6, 1983, paid dues include 483 members and 22 associate members. A big thanks to all those who sent in their dues and included the calls on the checks. I would also like to thank those who remembered to include the old call on the check. This made it much easier to find their information cards.

THE NOARS CONTESTER

NOARS Contest Net: 145.15 Thursdays 9 p.m.

The scores from the CQ WW 160 meter contests have been amazing. Last year, the club aggregate score was 462,168 points. Up to the time of this writing I have received 705,924 points and many more are expected. Going by this, I believe we have made good on the challenge by the P.V.R.C. Thanks to everyone who participated.

As for the 1982 WPX contest, April CQ was again a disappointing issue in that it had no club results. (It is still a great antenna issue!). We are hoping that the scores will be announced at Dayton.

73's, Barry, NSEDE

REALLY STRONG 120' microwave tower in 20' sections. Will sell a section at a time for EME mount. 4 KW electric-start, 120-240 V. generator. TI-58 calculator with charger and all the books \$50.

FOR SALE *

WANTED: Kenwood SP-120 speaker. HP-41C calculator. Call Tim Colbert (216) 623-5690 or 623-5691 from four to midnight only.

Aluminum tower sections. I need 50' to 80' of Heights or Universal aluminum tower. 50' to 100' of the military surplus, 10' aluminum mast sections sold by Fair Radio a couple of years ago.

FOR SALE: IRL FSK-500 Radio teletype TU. \$160.

Contact Jeff, K8ND, 4410 Norwell Dr., Columbus, Ohio 43220. (614) 451-3713, or Jim Stahl, K8MR, at 381-7030.

* * * * * * * * * * * * * * * * * COMMODORE/VIC COMPUTER GROUP * * * * *

As of last month, there is now a Commodore/Vic computer users group in the greater Cleveland area. The Northeastern Chio Commodore Users Group meets the 3rd Friday of each month. All present or future Vic/Commodore users are welcome, and many amateurs attend. For more information, anyone interested can contact Terry, WDSBKH, at Computer Connection (in Lorain Co.) or Computer Corner (in Cuyahoga Co.).

CONTEST RESULTS *

As a service to our members, the contest committee has published in the NOARS LOG the results from all contests. As is our policy, within a month or two of each contest, the NOARS members who have submitted their summary sheets to our contest director are listed in the LOG. This is to show how they placed and the award they won. When the overall results are published by the sponsoring organization (OQ, ARRL, 73, etc.) they are reproduced in the NOARS LOG. This serves as a convenient record for our members and nice to have on file. This month features of the 1981 CQ WW contest as listed in the September and October, 1982, CQ Magazine.

Our THANKS to "CQ" - "THE RADIO AMATEUR'S JOURNAL" for their efforts toward contesting.

NOARS NOVICE/TECH

1

Noars Slow Speed Net: 3.740 Wednesday 9 p.m.

Noars Novice Training Net: 28.160 Sundays 7 p.m.

Taken from The "QRX" Newsletter.

Here's a short article about "The Northern Lights" or as the more astute say, "Aurora Borealis". (Picture not shown) This is a view to the ENE at four pm local time in Fairbanks, Alaska, in September, 1971.... The curtain effect is seen as you find these "folds" all across the sky... even to the South!!

What does this mean to the "Ham"? Well, if you're into HF, especially 7 MHz and below, you're in for a surprise....very poor propagation, except very low angles of radiation (receive and transmit)...if you're interested in VHF/UHF work, then point to the North, you'll find some dramatic reflections from the "lights"...even on ten meters, beam to the Northern quadrants to work "South". Strange as it may seem, this often precipitates very long distance Q50's on the upper spectrum bands.

The Aurora happens to be the "illumination" of the earth's magnetic field, and occurs at "both" poles simultaneously. Of course, you cannot see the opposite, since it is in daylight...but, on rarer equinox displays, the simultaneous displays can be seen. They appear to be "mirror images" as well. Sunspots precipitate natural Auroras, but they can also be observed upon ionizing "bursts" from rocket shoots in the high latitudes.

Just remember, when you hear the "watery" weak signals (that should be strong) it just might be time to get out your 35MM W/TRI-EX or 400 ASA color film...then you can take a one second look at the "lights". Make sure you're away from local lights (streetlights, town, city, etc.) these could mask your view of this natural event. The Aurora is not limited to winter either; I have seen the lights in Mid-July in Canada!

73, Fred, WSFR

NOVICE, TEXAS *

Members of The North Texas High Frequency Association will undertake their second annual mini-expedition to work Novices from Novice, Texas (pop. 201) from 1800Z, 16 April to 1800Z, 17 April using the call N5NT/5 on the 80, 40, and 15 meter Novice bands.

Operations will be from the "City Hall", a one-room affair dubbed the "Novice Hilton" by the members. Space in the room will be shared with rusty water meters, yellowed municipal records and associated other paraphernalia dating back many years ago to when this tiny hamlet was young, ambitious, and aspired to become a growing town. Those times are but dim memories to the elderly inhabitants who comprise the majority. One solitary lightbulb hanging from the peeling ceiling illuminates the "Hilton"; hence, the radios to be used have been specially retrofitted with sealed beam panel lights.

The remaining buildings in downtown Novice are the grocery store with two gas pumps which are mostly for the benefit of farm tractors and pickup trucks that occasionally pass by, a U.S. post office...every town needs one...and the Masonic Hall.

For needle-in-the-haystack hunters, Novice is located on highly detailed computerenhanced satellite maps 40 miles South of Abilene, Texas and is best known as a reprovisioning outpost for big game hunters in safaris pursuing the highly prized but very fierce giant Texas longhorn Armadillos, one of which recently wreaked havoc on a beer truck in a desolate section of Secondary Road on the ourskirts of Novice. The largest ever bagged commands the center of attention in the Big Game Room of The Explorers Club in New York and was taken in 1938 by Lowell Thomas.

For a nice certificate, send QSL and SASE to Bob Olney, N5NT, Box 2472, Denton, Texas, 76202.

* MANSFIELD REPEATER INFORMATION

Mansfield's 450 repeater. 449.700 input, 444.7 output. Carrier access most of the time. Call: WASKKN/Rpt. Sponsors: WASKKN, KSRT, KSERV, WBSRHV, and KSHF. Repeater is 100 watt Motorola tube type, Microprocessor, controller built by WBSRHV. Antenna: At 55' base above ground. Base elevation 1420' 9 db CMNI. Duplexer: Phelps Dodge 120 db.

Mansfield's 6/2 Crossband. 52.47 & 144.63 Input, 53.47 & 145.23 Output. Access: 6
Meter - Carrier access. 2 Meter - 2 seconds of PL 71.9 Hz.(PL required on 2 Meters)
Hi Beep - 2 Mtr. input, Low Beep - 6 Mtr. input. 6 & 2 repeat on both 6 & 2. Call:
KC8HB/Rpt. Sponsor: ARCOM - Amateur Radio Club of Mansfield.

Mansfield's 34/94. 146.34 Input, 146.94 Output. Access: 1) 4 Seconds carrier then access till XMTR drops 11 seconds.(2) Touch tone "34" the carrier access till XMTR drops 11 seconds. (3) P.L. 71.9 Hz. Most of the time, band permitting is 4 second mode. Call: K8RT/Rpt. Sponsor: MASER, Inc. - Mansfield Amateur Service Emergency Repeater, Inc. Repeater: Dycom "Echo 3" 250 watt amp. Antenna: 6 db OMNI at 275' above ground. Bare Ele. 1350'. Accessories: (1) Autopatch for members. Transients can have a member dial-up. (2) Can be linked to 93/33 Columbus from Columbus.

Mansfield's 96/36 repeater. 147.96 Input, 147.36 Output. Access: (1) Carrier Access (2) PL 71.9 Hz Band permitting - Carrier Access. Call: K8HF/Rpt. Sponsor: MASER, Inc. Mansfield Amateur Service Emergency Repeater, Inc. Repeater: Specomm SR1000 A. Antenna: 6 db OMNI at 175 above ground. Bare Ele. 1350. Accessories: (1) Autopatch for members. Members will dial-up for transients. (2) This is 2 frequency repeater, back-up for 34/94. (3) Can and has been run mobile!

Thanks to Harry, KSHF, for the above information.

HAM HELPS E.T. "PHONE HOME"

Henry Feinberg displays the "communicator" he created using a clothes hanger, a toy phonograph, an umbrella lined with aluminum foil and other household items that enabled E.T. to call long-distance-at intergalactic rates, of course.

It seems that almost everyone knows who film genius Steven Spielberg is, but who is Henry Feinberg? What do they have in common? In Speilberg's smash hit, E.T., the Extra Terrestrial, the stranded alien assembles a device that relays his distress signal to his compatriots. Spielberg hired Feinberg to design and build the "E.T. communicator" for the film.

Feinberg, a public relations employee of Bell Telephone Laboratories, is most suited for this type of work. In the 1960s, while still a college student, he went to work for Don Herbert's TV show, "Watch Mr. Wizard." Starting as an apprentice, Feinberg worked up to the position of Associate Producer before the show was canceled. He went on to produce the award-winning show, "Experiment," for public television.

The E.T. project started about two years ago when one of Spielberg's aides called Feinberg and asked him if he would devise a "communicator" that could be used in the film. Since designing things along this line is something he has done since he built his first ham radio station while in junior high school, Feinberg agreed to take on the project in his spare time.

Using articles commonly found around the average American home - such as a child's toy, a knife, a fork, a circular saw blade, a coffee can, a TV tuner and an umbrella-Feinberg designed a "plausible" beacon transmitter that could operate unattended, yet be capable of directing a pinpoint microwave signal into space. Although the "communicator" does not really function as a radio transmitter in real life, it was more than enough to enable E.T. to "phone home" in the movie. Once again a stranded traveler in need of emergency communications was aided by an Amateur Radio operator.

NOARS INFORMATION '

The Northern Ohio Amateur Radio Society is a non-profit public service organization with the purpose of education, service, and furtherance of the art.

General Business Meetings are held on the THIRD Monday of each month at Gargus Hall, 1969 N. Ridge Road, Lorain, OH. at 7:30 p.m. Workshop Meetings are held on the FOURTH Mondays of each month at the Amherst Township Garage. Oberlin Rd., Amherst, OH at 7:30 p.m. Non-members are always welcome. A 2 meter net is held on the NOARS 10 70 repeater on Wednesdays at 0100Z. The NOARS COUNTRY 10X Net meets each Sunday at 28.855 at 1800Z.

If this is your first copy of the NOARS LOG, why not become a member and receive it monthly? Membership is open to anyone interested in communications, whether a licensed amateur or not. Dues are \$5.00 per year for a licensed amateur (full member), \$2.00 per year for non-licensed members (associate member), and \$1.00 per year for family membership (per person whether licesed or not). Checks are to be made payable to NOARS (please include your CALL), and mailed to "NOARS MEMBERSHIP," P.O. Box 354, Lorain, OH 44052.
