Summer with NOARS!

Cost to get into NOARSFEST - \$5

Rent a Table at NOARSFEST - \$15

Fuel to get to NOARSFEST - \$20

Seeing NOARS ex-president jump in the lake to retrieve his model plane at NOARSFEST – PRICELESS

Can we have a good time at what we do or what?

I've said it before and I'll say it again. "NEVER MISS A NOARS EVENT OR YOU WILL MISS A GOOD TIME". Field day, NOARSFEST, Picnic, Banquet or WINTERFEST you miss one you miss a good time. You always get your moneys worth at a NOARS event.

Well NOARSFEST '05 is in the books. The results are being looked at and the final report will be forthcoming. Look for it in future issues of the LOG. On the surface and from interviewing attendees, it looks like another successful event. That's not a surprise to me. Nor should it be to anyone who's been around NOARS for a while.

Well the next good time will be the August Picnic August 15th we light the charcoal at six and start making burgers and weenies for the crew. We also supply buns and soft drinks. And the good cheer. Same place as the meetings. But come around back we'll have a burger waiting for you. If you wish, bring a covered dish to share with the gang. I'll be bringing my famous "Atomic" beans. Pasta salad and fruit is always popular. But I'll be looking for your specialty. Don't worry about the rain if it gets wet out we move inside. Come early! Eat a lot. Bring a friend. See you there!

GERMANY NEWS (New Prefixes on the air!) - Stefan, DL1ELY, explains why you have been hearing all these new prefixes: "Germany has started to assign DQ and DR-prefixes. Beside that, club stations can now apply for 2x1-callsigns like DK2A. All numbers 0-9 mean "club station", there are no 2x1 callsigns for individuals. One more important change: While all DP-prefixes were extraterritorial area before (like DPOGVN, DPOPOL in the Antarctica, DP0EPO Munich European Patent Office), now only DP0-DP2 are extraterritorial. 2x1-Callsigns DP3A-DP9Z are "regular short callsigns" for Club stations. Please note there are still no 'DI' hamradio callsigns in DL."
