Holidays In NOARS Country

Following up on a motion made at the September regular business meeting. The executive committee has decided to propose an amendment to the by-laws regarding the special life membership requirement changes then proposed. This will help in our view to facilitate the initiation of future members into the revised *Special Life Membership Program*. So pursuant to the by-laws article XI titled: Changes To Constitution Or Bylaws. Please turn to page 3 of this copy of the LOG for the proposed changes. (a copy of the constitution and/or by-laws are available from our secretary KA8VTS for a request and a S.A.S.E. with 2x postage)

Membership committee activities:

1. Welcome to NOARS to *KJ1J* John Maglio and *N8YAC* Joe Chonko . I hope to see you at the meetings and hear you on the nets. Lets give John and Joe a call when we hear them on the air.
2. Thanks to *K8VJG* Ron. He knows a good thing when he sees it. Paid his dues up till 2007. Good show Ron.

Well 'tis the season at this writing I'm sure you all have our holiday shopping done and the goodies all wrapped and stashed away for delivery. I for one enjoy the holiday season a lot. I'm looking forward to seeing you all at the holiday banquet. And then later on at the Winterfest in February. A busy season to be sure. But let's not forget the ones that won't have such a pleasant holiday this year. 2005 has been a banner year for disasters and mayhem. Both natural and man made. Tornados, hurricanes, floods and fire have left a lot of us in a position where a bright holiday is not very realistic. Remember help is needed right here in the good old USA! Lets do the right thing. What comes naturally to us. Give to your favorite charity. Volunteer when you can. Its The ham radio thing.

Best 73 and CUL..... John

➔ 444.8 Out for service ←

As of this printing our UHF repeater 444.8 has been removed from service. As it was acting wacky and making some rather annoying noises. So it was taken off to the repair bench. N8PZD Clark estimates down time will be around three weeks. When it goes back up it will have improved functionality including the return of "BART" the DX alert.
