## FIELD DAY 2006 IS HERE!!

Well back a few months ago looking out my window at the blowing snow and cold winds it was hard to imagine the day would ever get here! But lo and behold its time. Time for us to get back to nature. Leave the sanitary shack we cocoon ourselves in all winter. Leave the honey-do's behind for the weekend. Drag out the back up rigs put up that experimental antenna array you've been toying with. Assemble a station that harkens back to an earlier and perhaps a less organized time we all remember. When did you set up your first station? Do you remember how it felt? All those lights? All those meters...meters that actually worked like motors! Computers that you controlled? Instead of *interacting* with? Working your first pile-up? Well a field day outing is just the ticket! A ticket back in time to what I find albeit a less organized time. A time when I remember radio how it was when I got hooked on the airwaves! Come to field day and you can too!

Well NOARS is clearing house we have over the years accumulated a few pieces of equipment that for some reason or another have not been used in some time. The ad's page (7) has a list of stuff that we would like to see recycled. The first offering is to the membership. You will notice there are no prices in the ad because we are taking offers. Any reasonable offer will be considered. Make one and you will be pleasantly surprised. Anything not recycled by NOARSFEST will be offered to the public at that event. So now's the chance to help the club and yourself grab a bargain on some very nice gear.

NOARSFEST 06 is right around the corner it is our major event of the year and helps NOARS to be able to offer the club what it does. The success of NOARSFEST is in your hands! You are what makes or breaks it! Just your attendance is a great help. Bring a friend! Organize a car-pool! Talk it up on the nets! Come on out on Friday and help set the show up! Take a table indoors and get rid of you excess treasures! NOARSFEST and NOARS needs you!

**2E, SCOTLAND (Satellite Activity)** -- Paul, 2E1EUB, will be active as 2M1EUB/P from May 27th, for 7 days from the Cairngorms National Park, Royal Deeside, N.E Scotland, UK. Activity will be on all satellites and modes! Even some HF

**BS7H VIDEO ON THE WEB** -- John, K1ER, announced this past week that Kan Mizoguchi, JA1BK, has updated his Web site with a video of the last DXpedition to Scarborough Reef (1997). To view it, please visit the following URL address: <http://www.iinet.or.jp/JA1BK/>

**FM, MARTINIQUE** -- Jacky, F5OIU, will be active as FM/F5OIU from Martinique Island (**NA-107**) for a holiday between May 13th and July 1st. Activity will be mainly on CW, but also on the digital modes and SSB. He will use an IC-706 w/100 watts with FD3 and an R5. QSL via his home callsigns, Bureau preferred.

**JW, SVALBARD** -- Roger, LA4GHA, currently active as JW4GHA from Bear Island (**EU-027**), has extended his stay until July (He was supposed to go QRT in June). During his last month there he will focus on 6 meters. Listen to 50.110 MHz CW/SSB. If he is not on 6 meters, watch for activity on 160-2 meters on CW, SSB and the Digital modes. QSL via his home callsign, LA4GHA, by the bureau or direct to: Roger Bjoergvik, The Registry, Court of BiH, Kraljice Jelene 88, 71 000 Sarajevo, BiH.

**PI25, THE NETHERLANDS (Special Event)** -- During the month of May, the VERON Department, A54, "Etten-Leur" will be celebrating its 25th jubilee year. The club station, PI4ETL, will be using the special callsign PI25ETL between June 24th and July 9<sup>th</sup>

**RUSSIA NEWS** -- It has been reported that some changes have taken place for Russian amateurs (as of "a couple of weeks ago"). Russian amateurs can now run a KW and also operate up to 7.200 MHz, with the government there providing these new operating factors. This news is only true for the former Soviet state we now call Russia, and not necessarily the other former Soviet states.

**SPECIAL EVENT** -- Look for special event station YL775TALSI to be active until July 2nd. Activity is to commemorate the anniversary of Talsi Town in Latvia. Send QSL card to either the YL Bureau or to YL2CF.

**TK, CORSICA** -- Vasek, DL4FF, will be active again as TK/DL4FF from Corsica (**EU-014**) from May 15th to June 9th. He will operate on 160-10 meters CW and SSB and will be active during the CQ WPX CW Contest (May 27-28th). QSL via his home callsign, direct or by the bureau.

**TOO, MARTINIQUE** -- Tom, KCØW, will be active as TOOO from June 6-24th. Activity will be on all HF bands CW/SSB. QSL ONLY DIRECT via KCØW. NO BUREAU QSLs.

**VI9, NORFOLK ISLAND (Pitcairner landing celebrations by Jim Smith, VK9NS)** -- To help celebrate the event the HIDXA Club has been issued with the special callsigns of V19NL and V19NS for the whole month of June covering the period of the celebrations. Kirsti, VK9NL, and VK9NS, will use these special callsigns and will both try to be as active as possible during the period

**VU4, ANDAMAN ISLANDS (Updates/News/QSL Corrections)**

More information was announced this past week about the two new YL operators on VU4-land. These two YLs hold valid India licenses and have permission to transmit from VU4. Operators are Ms. Suraj Moli, VU3VPX, and Ms. Lizzie Deruz, VU3VPY. No one knows why they got VU3 callsigns instead of VU4 callsigns, but they are legit. Frank, DL4KQ/VU3FRK, who recently returned (May 6th) from Port Blair, stated that "Ms. Molly, VU3VPX, and Mrs. Lizzy, VU3VPY," are legit VU4 licenses since September of last year. However, the YLs didn't own any equipment beside an old funny straight key. He (Frank) mentioned Doug, N6TQS, immediately decided to donate his SIGMA5 antenna and Frank dropped of his own Elecraft K2/100 with separate KAT100 antenna tuner, a power supply and a Heil headset. Thanks to Frank, their station is now set up and the YLs can now be active on 20-10 meters (SIGMA5) and on 40 meters with a dipole. (Unfortunately, the noise level at the College is extremely high and Frank recommended to them to look for a better place/building.)
