## Summer In NOARS Country

←—————→

Sure can't be called dull this year! First off starting with the field day site getting flooded out! And after a mad scramble to relocate things. We ended up having a very nice time at the *Indian Hollow Reservation* down the road in Grafton. In fact one of the more pleasurable field days I can remember in a long time. We scored better than we had in the last three years and no one got over worked. Or did anyone experience any major equipment failures. The food was GREAT! Thanks to a major effort by Sylvia *KC8TMZ*! We had two youth participants at the 20 meters phone station, Ashleigh and Celeste. Came out with Ken *KC8BQO* and Ernie *K8HUR* respectively and made a few contacts. I'd be looking for them on the bands soon. The overall results for field day can be found on pg. 3

The next event in the NOARS summer is the NOARSFEST at the Lorain County Fairgrounds in Wellington, OH. The week before the event our event coordinator Tom *W8KYZ* goes down with appendicitis! he is down for the count! Then word comes that John *K8JWS*'s XYL Theresa, has broken her leg! He too will be out of action for the event too! More scrambling, more expletives deleted! After yet another major exposure to 950 Mhz. cell phone radiation. We all meet up out at the fairgrounds to set up the building. Expecting yet another disaster. We were all surprised when things started to click into place. And within a few hours we had the show ready to go! Another result of the many hours of planning and meetings that precede any of the major undertakings of ours. the show went off without a hitch! And every one did their job. No one complained. And by and large all had a good time.

Here's a list of the major winners at NOARSFEST

- 9:00 ARRL handbook: *K8HUR* Ernie Haupt
- 10:00 HT winner: *KC8ATR* Shirley Whitney
- 10:30 ARRL Antenna book: *KD8DTG* Ryan Valenjeck
- 11:00 HT winner: *KD8DLT* David Nuti
- 11:30 EAE Soldering station: *AF8C* Glen Williams
- 12:00 Main Prize: *WB8FWZ* Dick Harley

Space doesn't permit me to thank all that worked so hard to make this event a success and run so well. Tom is on the mend and Theresa's leg is healing. We all wish them the best. And hurry up and get well!

The next event in the schedule is the annual picnic behind Gargus Hall on August, 21. show up around 6pm bring your appetite and expect a good time to be had by all. If you are new to the group and are just new to the area. Make it a point to come on out meet some of the voices on the air. Many of us bring covered dishes for a major pot-luck feed. Rain or shine this is the one event you don't want to miss out on! (Myself I'm stocking up on nitro tablets and charging the batteries on my de-fib machine! Just in case!) See you all there!

Here's some photos taken July 14<sup>th</sup> around 7:30 pm. at the Lorain Co. Fairgrounds the photo on the left is the ridge line on the reservoir to the west a small funnel-like cloud was observed briefly at this view. Lot's of lightning and thunder in the area. Torrential rains for about an hour or so. It looked pretty grim for a while. But for those of you who came out the next day know it turned into a very pleasant day indeed!
