Welcome To
N.O.A.R.S

Spring is sprung!

Looks Like it! Feels like it! Even smells like it! Spring has sprung in NOARS country! Hooray! Finally after a long and painful winter the true beauty of Northern Ohio is showing thru. The hum of lawnmowers. The blooming flowers. The price of gas! Yuck! Aren't we lucky the only gas we need to consume for our hobby is for the generators out at field day! And the occasional hamfest or two. By and large we can sit in the shack and watch the gas guzzlers go by the window. While we do our traveling on the air waves!

Speaking of Field Day! (You knew I would get around to it) what are you doing June 23 -24? I know what I'm doing. I'll be out at the Lorain County Equestrian Center. Soaking up the sun and enjoying the fellowship that this hobby brings. Good food, good friends and most of all good radioing! Don't get any better than that! Come on out! I'll show you what radio fun is.

Great news from the educational committee out of the eight students in the pioneer "tech" class four took their tests and three passed to date, and one more is in the works. Lets get behind this most important committee. As the very future of this hobby is at stake here. Get that guy up the street with the broken down CB antenna interested in real radio. That YL or XYL that can't figure out what you see in the hobby. Show them! Don't have to dwell on how hard you worked and studied. It's a heck of a lot easier now and what a better way for you to spend time, elmering in some one your own into the best way to waste time I can think of.

I don't have to tell you that NOARSFEST is right around the corner. July 14th is a chance to get out and enjoy the social aspect of ham radio. Pick up some long sought after treasures or recycle that piece of gear you don't use anymore. With the rising cost of fuel the logical choice is to carpool! Get two or three of your friends to ride out with you or hitch a ride yourself. Enjoy good friends a nice summer ride and best of all you get to celebrate the forty-third anniversary of NOARS at the 2007 NOARSFEST.

Best 73 and CUL.....

John

Minutes of the April 16, 2007 Meeting
Submitted by: Darlene Ohman, KA8VTS

The meeting began at 7:34 p.m. with 15 members and guests present.

Treasurers Report: Tom Porter, W8KYZ was read and a motion was made and seconded to accept the report. The motion was passed.

Secretaries Report: Darlene Ohman, KA8VTS, a motion was made and seconded to accept the minutes as printed in the newsletter. The motion was passed.

Educational Committee: John Schaaf, K8JWS, I am now a VE. We finished the classes and only three people came for testing on April 15th. Two people passed their test and the other person missed by one. Ken and Jonie Roberts grandson took his test in Sandusky and has been a ham for about 4 weeks. We will have to work a little harder to get the word out to people that we are having classes.

Newsletter and Membership: John McKenna, WD8IQJ, everything is going well. If you have anything that you want to put in the newsletter please contact me.

Nets: John McKenna, WD8IQJ, the nets are going along very well. I am still looking for an extra person to do the net control for the Thursday night Tech Net; Sandy would like a break once in a while. If you would like to try it please contact me.

Sunshine: Ted Shook, W8TAS, a card was sent to N8DSD, he had knee surgery. A sympathy card was sent to Ted Jones family. A card will be sent to DJ, W8DJM, his wife had both legs amputated and is in a nursing home.

Repeater: Clark Beckman, N8PZD, there is no news.

DX: Al Moriarty, N8CX, was not in attendance.

Web Site: John Schaaf, K8JWS, there is no news.

Field Day: We are going back to the Equestrian Center, and Indian Hollow will be the backup site. A copy of the permit for the site that we are getting will we mailed to Clark, N8PZD in about a week.

Old Business: Nothing to be discussed.

New Business: We have a request from the American Cancer Society in Cleveland; they need some amateur radio operators for the Pan Ohio Hope Ride scheduled for August 9th through the 12th of this year. They will have bike riders riding from Cleveland to Cincinnati. We need more information regarding what they need. John McKenna, WD8IQJ, will call them for more details.
