The Northern Ohio Amateur Radio Society K8KRG

June , 2008 Volume 44 Issue 6

Welcome To N.O.A.R.S ←————→ FIELD DAY!!

Hooray! It's here at last! My favorite holiday of the year! And that's because it was the first ham radio event I took part in and it alone is what got me hooked on ham radio to the extent I am today. My first field day was in 1978 as a new tekkie. Operating at the *Parma Radio Club's* site in Broadview Heights. Signing: K8UZW. The next year I was field day chairman and we scored the best in that clubs history (to that date). Well now 30 years later here I am at the same seat and looking forward to field day this year! We have our usual super crew and that's what makes Field Day Chairman a great gig. All I have to do is sit and enjoy watching the professional amateurs do all the hard work. Many thanks in advance for another successful Field Day. You can be sure of that with the crew we've got! So what are you doing this year at FD? Come on out! We are at the Lorain County Equestrian Center in Carlisle twp. on Nickle-Plate diagonal rd. just North of La-Grange Oh. The fun starts at noon on Saturday the 28th and the event goes on the air at 2 pm and goes on for twenty-four hours. We need operators and loggers and just general help. Even if you are not a licensed amateur come on out, get to see what it's all about. It's how I got hooked and if your new to the hobby I'll bet I can hook you too! See you there!

NOARSFEST! Is right around the corner. And with the outrageous price of fuel. NO that's too soft! The outright robbery at the fuel pumps that our elected official seem to ignore. We at least are trying to help out. We decided to give an incentive to all who make the drive out to Wellington a break if they car pool. Bring a few friends! If you bring four or more in your car you will get a buck off the entrance ticket. Not just you but your buddies too. So squeeze 'em in! Save some dough! See you there!

P.S. let me know if you like this new font (*Tahoma*) I'm told its easier to read than the old one (*Times New Roman*) and I'm thinking of using it as the standard font in the future LOGS.

Best 73 and CUL.....

John

Repeater News

5.15 is back!!!

The LONG awaited return of our 145.15/4.55 is back on the air after a long time down recuperating from a lingering series of multiple ailments. However it is at a temporary site on the West side of Cleveland (w 130th & Lorain area) for on the air tests and to give it a good "burn in" look for it to go back to the regular site some time late in June. It is at reduced power and lower profile receive. But feel free to give it a try. Let us know (N8PZD or WD8IQJ) how you do. We are interested in signal reports. Thanks!
