January, 2009 Volume 45 Issue 1

Welcome To N.O.A.R.S 2009

By the time you read this, the holidays will be history and hopefully the economy will be showing some kind of come back. Also, hopefully, John will be back with us.

I had absolutely no idea just how much John McKenna has done for this organization. I think many of us just kind of took John for granted. He has been the back bone of NOARS for many, many years and we became very dependant on him. On top of John McKenna's misfortune and illness, we received a double whammy when we also lost John Schaaf K8JWS as he restarts his life in New Mexico. He is still with us in spirit and has been in touch with me and others. He continues to maintain the website but is sharing his knowledge and expertise with me so I can get up to speed and update the website locally as needed. He has been very helpful even as he goes through a rough transition in his life.

So, there are lots of transitions happening. NOARS is in transition as a new President and the more experienced incumbant officers take over for 2009. The buzz word taken from the recent political campaigning is "Change" and I am hoping we can see some positive change in our organization. The economic turn down is affecting us as much as any other entity including you and your families. We have to tighten purse strings and attempt to do things more efficiently and cost effectively also. This newsletter is one example of where we must make some changes. Your membership dues barely cover the cost of publishing and mailing this newsletter, so it is most important that we try to cut some of those expenses. We can do this by distributing it electronically to as many people as possible and not have to mail hardcopy to everyone. We will post it on the website so you can download it and print it yourself if you wish to have a hard copy. I have noticed that many of our members do not provide email addresses. I am not sure if that is because they do not have one or if they are concerned that it will be published in the widely distributed roster. If you do not provide it because of the second reason, then I want to assure you that if you request that it not be included on the roster, it will not be included. We will only use it to email the newsletters and other NOARS related material. Think about it.

Best 73 and CUL..... **Carl**

- FH, MAYOTTE Operators Phil/G3SWH and Richard/G3RWL (Dick on CW) will be active from here between February 26th and March 5th (2009). Mayotte counts as AF-027 for IOTA purposes. The 2003 "Most Wanted" survey by the 425 DX News shows Mayotte ranks 121 for DXCC purposes. Both operators will use the single callsign of FH/G3SWH. Their activity will be mainly on CW on all bands 80-10 meters. Subject to QRN and site conditions, there may be some 160 meters CW activity. Richard may also operate some RTTY and/or PSK31. Propagation permitting, they plan to have two stations on the air for as many hours every day as is possible. Their main objective is to work as many European, North American and ROTW stations on as many bands as possible. QSL via G3SWH, either direct with SAE and adequate return postage (recommended), or via Phil's Web site for a bureau reply or by the bureau. For updates and more information, please visit the following Web page at: <http://www.g3swh.org.uk/mayotte.html>
- FW, WALLIS & FUTUNA ISLANDS Eli, HA9RE, and a team of operators will be active from Wallis Island as FWORE. The group is expected to arrive on the island January 26th. Eli states, "Provided all our baggage arrives in due time then we can begin the operation on January 28-29th." They are expected to be there for about a month. Activity will be on 160-10 meters, including 30/17/12 meters, using CW, SSB and RTTY. Two stations will be on the air. Antennas to be used are: a 24m vertical on 160/80/40m, Spiderbeam for 20/17/15/10m, HB9CV for 20-15m and a 7-band Butternut. Eli and his team are now looking for sponsorship. To help, contact Eli via E-mail at: ha9re@freemail.hu A Web site dedicated to the FW operation will be set up on HA9RE's own Web pages after the expedition has taken place.
- IOTA NEWS
 - o NA-057. Paolo, IK2QPR, will be active as HR9/IK2QPR from Roatan Island between January 4-12th. QSL via IK2QP
 - o SA-030. A large group of "Radio Grupo Sur" members will be on the air from Flores Island (ARLHS URU-001, TWLHD WLH CX-001, WLOTA LH-0528, Admiralty G 0690, WW Loc. GF25AB), Uruguay, using the CV5A callsign between January 22-26th. The team will use monoband beam antennas for all bands. They will work all modes and there will be a dedicated RTTY/PSK31 station. QSL via CX2ABC. Visit the club's Web page at: <http://www.radiogruposur.com>
- DXCC COUNTRY/ENTITY REPORT According to the AR-Cluster Network for the week of Sunday, 7th-December, through Sunday, 14th-December there were 214 countries active.
