December, 2012 - Volume 48 Issue 12

Welcome To

NOARS Country

The Prez sez - With the recent hurricane leftovers dragging thru NOARS country who needed the conventional halloween goblins to scare you when everywhere you looked you saw power wires sparking on lawns and streets from the howling winds, pretty spooky indeed. This made Thanksgiving seem so much warmer as heaters and other electrical things came back to life and whoosh now comes the holiday season. The December banquet will be a resting period for some of us. Over the last year we had some repeater problems surface and we learned how hard it is to find repair parts as only 1 part like ours came to Dayton with 2 members looking at it and calling back to the lakeshore for answers before they made an offer. Field Day 2012 speaks for itself showing the need for some young members, the 3 that put 75 and 10 meters into action will remember the fun of working together under unusual conditions making friends and decisions quickly, than working all the states along the way. Visitors left comments about our group being the friendliest they have ever visited, some folks came out with new items to test and get experienced advice on solving problems then operating for the fun of it. NOARSFEST was nice in the flea market and indoors the vendors enjoyed not hiking 1/4 mile to the outhouse. Our Winter Hamfest will be at a new location in 2013 and I may not have pleaded for help very much but I must as this will be a one day event meaning all the tables/chairs and vendor location setups must be done Sunday morning so having extra helpers will be a must, teardown helpers must be around after the dust has settled.

73 from N8PZD Clark

(Just Rants And Raves From Cleveland)

Rave Department

'Tis the time of the year where we all put on the cheerful faces and wish everyone a happy new year and a joyful holiday season! We all mean it too! I, like you, can't wait till Christmas morning to open all the packages chock-a-block full of radio stuff! And Santa's elves were busy on my roof putting up that new skyhook I've been dreaming about all year!

Well, that's the plan anyway. But I'll still be grateful for the swell tie and the nice aftershave. I'll even smile over the fruit cake from Auntie Emm.

The key is not to think about what YOU get this season but what you can give! I know the economy bites and who's got any loose money to drop into Santa's kettle outside of Sears. (Do they still do that?) The key, as I see it, is what you give up in spirit! I know it's tougher than it was but it sure wont hurt you to get in the Christmas spirit! No matter how much you try to hide it!

Rant Department

Usually, I don't do this but then it is the Christmas season and I've always said that if someone makes a valid point (in my view) I'd share it with you. So here comes something from KB8ZUN Jeff. (I'll have to paraphrase it a bit but only a bit):

On the subject of Facebook™ and NOARS

We, (LCWO & NODIG), post information every few days at one or the other. Whoever manages the NOARS Face Book™ page should consider of doing the same. LCWO and NODIG reach at least 132 people, and growing, with each post. That 132 is *organic* contacts. It does not count who sees the posts as friends of friends or the general public. There are all kinds of tools available to you on FB to help understand the demographics of the people you do, and don't, reach.

NOARS' Face Book™ page only has 22 members. I realize a portion of the membership, typically the older members, see no value in this or it's somehow a intrusion on their privacy. That is the furthest thing from the truth. None the less, with only 22 members there are allot of people who are not being reached!

Summarized from KB8ZUN Jeff

See now aint that better than the long rant about the repeaters that I've been mulling over for the last few weeks!

Sunshine Committee Reports

W8FJR Frank

No news for the sunshine report for this month which I hope holds true for the Holiday Season. MERRY CHRISTMAS to all. I still say CHRISTMAS too. I hope to see everyone this Saturday.

**Minutes of the November 19, 2012 Meeting
Submitted by: Darlene Ohman, KA8VTS**

The meeting began at 7:00 p.m., 23 members and guests present.

- **Treasurers Report:** Tom Porter, W8KYZ, a motion was made and seconded to accept the treasurers report as given. The motion was passed.
- **Secretaries Report:** Darlene Ohman, KA8VTS, a motion was made and seconded to accept the secretary's report as given. The motion was passed.
- **Education Committee:** Carl Rimmer, W8KRF, was not in attendance.
- **Newsletter:** John McKenna, WD8IQJ, if you have anything that you want to sell, contact me with the items and prices by the beginning of the last week of the month. Check your ads see if they are still accurate.
- **Membership:** Carl Rimmer, W8KRF, was not in attendance.
- **Nets:** John McKenna, WD8IQJ, the nets have all been going really well. I need someone to run the Thursday night net.
- **Sunshine:** Frank Reese, W8FJR, nothing has been reported to me.
- **Web Site:** Carl Rimmer, W8KRF, was not in attendance.
- **DX:** Al Moriarty, N8CX, the bands are down from a couple of weeks ago.
- **Repeaters:** Clark Beckman, N8PZD, 146.70 we have another transmitter. The repeater got put back together thanks to Tim Allen, NC8X, we had a short on a bracket. The antenna seems okay since the storm, but we have a terrible swr on uhf at the top of the tower, the feed line is messed up. The 5.15 repeater, I am trying to get permission to move it into the MCI site.

Old Business:

- **Banquet:** December 1 at Sugar Creek Restaurant. You can register online or pay tonight. \$17.00 per person.
- **Jeff Evans, KB8ZUN:** The amateur summit that we talked about last month has been shelved for the time being. Tom Kelly is supposed to getting every amateur in the county together sometime in November for some big meeting. If the summit does happen, it will probably be at Noarsfest.

New Business:

- **Charitable Donations:** Each year at this time we give a donation to Red Cross, Salvation Army, or Food Banks. I wanted to see if you wanted to do it this year. A motion was made and passed to give \$100.00 to the Elyria Salvation Army, and \$100.00 to the Second Harvest.

The meeting was adjourned at 7:56 p.m.

The 8:00 PM Thursday Technical Discussion Net.

You don't have to be a techno-geek to enjoy this friendly net
slanted toward the technical side of the hobby.

Hosted by: WB3JVK - W8KYZ - KD8JNK - W8ADV - K8WRS

Where's the DX? Taken From *KB8NW* Tedd's OPDX Bulletin.

OPDX # 1088

- **AU2, INDIA (Special Event) ~** Look for special event station AU2JCB to be active between November 24th and December 10th. Activity will be on 40-6 meters SSB, SSTV, PSK and FM. Suggested frequencies are (depending on the propagation): 7035, 7150, 14220, 14250, 14350, 21235, 21350, 28490, 28545, 28590 and 51500 kHz. If higher bands are open, operations will be on those bands. The operator will be Surabhi, VU2DSI. QSL direct (with 2 IRCs) to VU2DSI. Operations are to celebrate the 154th anniversary of the birth (November 30th) of Sir Jagadeesh Chandra Bose, India's great scientist and inventor, who they consider the "Father of Wireless Communication". For more details, see the following Web page at: <http://www.qsl.net/vu2msv/JCBOSE.htm>
- **OA, PERU ~** Martijn, PA3GFE, will be active as OA4/PA3GFE between December 20th and February 1st. Activity will be holiday style on 40-10 meters, mainly CW and the Digital modes. He hopes to get active on 80m too, if he can get the antenna to resonant. QSL via his home callsign, direct or by the Bureau. Log will be uploaded to LoTW.
- **ST, SUDAN ~** "The Daily DX" reports that Mario, CT1FTR, has moved to the Sudan and has recently obtained his ST2FT license. He is using a FT-857 that is set up for SSB and PSK31 on the HF bands. QSL via CT2GBU direct and eQSL. PLEASE NOTE: QSLs cannot go through the REP QSL Bureau as neither CT1FTR nor his QSL Manager are members of REP.
- **T2, TUVALU ~** Operators Rob/GM3YTS, Tom/GM4FDM, Gav/GM0GAV and Clive/GM3POI will be active as T2GM from Tuvalu between March 12-23rd (2013). Activity will be focused on Europe. QSL via GM4FDM. Hopefully, more details will be forthcoming.
- **TM1, FRANCE (Special Event) ~** Look for special event station TM1TARA to be on air between December 8-10th. Activity is to commemorate the scientific campaigns of French polar boat "TARA". Operations will be conducted by François/F8DVD and Sebastien/F8IJV in Paris during the Tara exhibit. Look for them on 20-10 meters SSB. A special color QSL card will be printed and will be sent via the Bureau or direct (SAE with 1 IRC or 2 USD) via the QSL Manager F8DVD. The Tara Expeditions has been organizing missions aboard the research schooner Tara for the past 9 years. The goal was to learn more about the impact of climate change on ecosystems. Tara has accomplished 8 successful expeditions - to Greenland, Antarctica, Patagonia, southern Georgia, the Arctic and all over the world with the latest expedition Tara Oceans. After stopovers in Europe this winter, the schooner will leave for a new mission in 2013 for the great North. Tara will attempt to go through the Arctic Ocean by the northwest and northeast passages, if the ice pack permits this. This will also be the occasion to add new research programs specific to the region concerning plastic particles and traces of pollution. For more info, see QRZ.com or contact F8DVD: a.pole@laposte.net.
- **V2, ANTIGUA (NA-100) ~** The V26B QSL Manager Mike, KA2AEV, reports: "We (Team Antigua) are currently awaiting additional information as to the status of the shack. The building was damaged and the owner, Roy Carte, injured, but he's in the hospital and as far as I know recovering nicely. We will have additional information in the days ahead.
- **V26B ANOTHER UPDATE: ~** the shack was totally destroyed: <http://n3oc.dyndns.org/v26b> Pictures here: <http://n3oc.dyndns.org/v26b/fire.htm> ADDED NOTE FROM Mike: Also, currently due to Hurricane Sandy which hit my area HARD, I have not yet begun to answer any QSL requests that I have received and do not anticipate until maybe another 2 weeks because of my job status, (I work for the local Power Company) so PLEASE BE PATIENT. Please do not email me or Telephone me asking me if your QSLs have been received or why they haven't been answered yet.... PATIENCE PLEASE."
- **XV4, VIETNAM ~** Yan, XV4Y (ex-XV4TUJ), located in Mekong delta (south of Vietnam), informs OPDX this past week [edited]: "Like last winter, I will try to be active on 80 meters around NA sunrise time (1300-1400z). I already have several good reports and even a couple of QSOs during last month, but the level of noise is still really high since the rainy season has not yet ended. I hope to have better conditions in December and January, but the stations who want to work me may need a lot of patience. My setup is rather simple with 100W in a low-above-ground 80m OCF Dipole for TX antenna and an homebrew coaxial-made small loop for RX antenna. I will also try to be on the air for Europe around 2200z (my sunrise), but I have not a lot of spare time for this so don't expect me to be there every morning. However, band conditions are usually better at sunrise than at sunset so the QSO rate could be better. For more details about my planned operations (when I am able to plan something) will be available on my Twitter account @XV4Y. See you on the air." QSL via OK1DOT, LoTW and eQSL. Yan's Twitter and Web page can be found at: <http://twitter.com/#!/XV4Y/followers> <http://xv4y.radioclub.asia> Also, to learn more about Yan, read his (QRZ.com) page.
- **ZL9, CAMPBELL ISLAND ~** Just a reminder that members of the Hellenic Amateur Radio of Association of Australia (HARAOA) will be active as ZL9HR from Campbell Island (OC-037, WFF ZLFF-019) between November 28th and December 9th. Activity will be on 160-6 meters using all modes. QSL via EB7DX direct, LoTW or use the OQRS for Bureau and direct requests. For more information and updates, visit their Web site at: <http://www.campbell2012.com>

Please Note: This is only a SMALL part of: OPDX Bulletin #1088 LOG onto: www.papays.com for the rest (Space permitting, only the parts relative to the time of distribution of The N.O.A.R.S. Log Were Included Here)

Got 6?

Six Meter Activity

Well, Six is a bit quiet lately! So now is the time to get out the rigs and tune them up!

And get the things ready ready for the spring openings.

Like spring flowers April showers bring forth rare and exotic DX on six meters. And you know what the say about VHF antennas! "if they make it through the winter you just didn't have em up high enough"

Try 50 mhz it isn't the way it was in the old days!

Mission Statement:

The Northern Ohio Amateur Radio Society

Is A Public Service Organization With The Purpose And Goal To Enhance The Amateur Radio Service Through Education And Fellowship.

- Meetings are held at 7: 00 p.m. sharp on the third Monday of every month at Gander Mountain's "Gander Lodge" room! It is located at 5244 Cobblestone Rd. Sheffield Village, Oh. 44035. The meetings are open to the public. And all are welcome. Tune to the 9 pm Wednesday night NOARS net on the 146.700/444.800 MHz. repeaters located on the E.S.T. bank Building in Elyria, Ohio for changes or updates in this schedule. Also the 146.700/444.8 repeater hosts the technical discussion net on Thursday Night at 8:00 pm.
- N.O.A.R.S. Repeaters can be heard at 146.700 (-) PL 110.9 & 444.800 (-) PL 131.8 in Elyria, OH, as well as, 145.150 (-) PL 110.9 in North Royalton, OH.
- Regularly scheduled NOARS nets are every Tuesday night at 8 pm on 28.370 MHz, Wednesday night at 9 pm. for the rag-chew net and every Thursday night at 8 pm. for the technical discussion net on 146.700/444.800. All licensed amateurs are welcome. NOARS membership is not necessary to participate. In fact all participation is encouraged and appreciated.
- NOARS can be found on the World Wide Web at: [http://www\(dot\)noars\(dot\)net](http://www(dot)noars(dot)net)
- NOARS Hosts two hamfest/computer shows annually. The winter hamfest in early February and the summer classic NOARSFEST hamfest and computer show in mid July.

If this is your first copy of the NOARS log. Why not become a member and receive it on a monthly basis? Membership is open to anyone interested in communications. The dues schedule is: Full \$10, Associate \$5 (non -licensed), Family members of a full member are only \$2 ea. Make checks payable to NOARS and mail them to:

NOARS Membership Committee, 161 Herrmann Drive, Avon Lake, OH 44012
