## January Meeting Agenda

**Final planning for  
WINTER HAMFEST  
BTW  
YOUR DUES ARE DUE!!!!**

## **Christmas Banquet Report**

*W8KRF Carl*

*Excerpted from noars.net*

The Christmas Banquet was a great success. The 38 attendees had a very good time. As always, the food was great and the socializing was better. Awards were presented and numerous door prizes were raffled.

The Ham of the Year plaque was presented to Morgan McKenna, KD8JNK with the President's Award plaques going to Bob Tome, W8RET and Frank Reese, W8FJR for their continuous involvement and dedication to NOARS. A special Rag Chewers Club certificate was presented to one of our newest and the youngest member, Stephanie, KD8TCZ.

The ARRL had discontinued issuing these certificates in 2004, but after hearing about Stephanie, decided to make a special certificate just for her.

Congratulations to all the award recipients.

Certificates were also presented to members who most consistently check into the NOARS nets. The Tuesday Night Ten Meter net recipient was Dan Kutchin, K8AGW, and the Wednesday and Thursday certificates went to our beloved Elmer, Ray W8ADV. Congratulations and keep checking in.

## *(Just Rants And Raves From Cleveland)*

### Rave Department

Well, t'was the season! To be sure! And from this perch if I blinked I would of missed it. Seems like it was just trick or treat night and now its 2013! How time flies when you have fun. And usually there's a lot of drama and adventure this time of year. But for some reason this year all that seems to be missing. Perhaps it's that *Mayan* thing!

Well, did you get something cool for Christmas? Let me know and Ill be glad to let the gang know about your good fortune. I, for one, got a brand new radio! First new radio since I bought a Uniden HR2510 back in the late eighties! Albeit, is was a Baofeng UV5R (pronounced bo-fing) Its really cute little dual band (2 and .70 Meters) about the size of what I remember a pack of Pall Malls were. With a real wideband receiver and scan functions. Throw in a flash light, FM broadcast and personal space panic alarm. It looks like a real nice radio. Oh I know you Yeasu, Kenwood and Icom guys are firing up the ole email machine. I know what you're going to say and I'll reply: It is what it is and the whole package with a drop-in charger and headset mike cost less than a tank of gas these days. Actually my granddaughter, KD8TCZ and Grandson, KD8JNK both have one and enjoy them very much!

### Rant Department

How can you rant this time of year? Looking out my window at the clean coat of snow; I'll sure think about you guys slugging thru it when I listen to drive time radio. Good luck and drive safe!

Well. I've been hearing this and that about repeater stuff and mostly it's: "he heard" or "they said" and even "so and so did (or didn't) do this or that". Well, although we cant be ostriches and ignore all this stuff, I think you gotta take a lot of this unsubstantiated stuff with a grain of salt. And we have a repeater committee that's working diligently on getting this repeater drama fixed. So be patient and let them get their work done.

## **Spreading The Word**

*W8KYZ Tom*

My "Morse code" presentation on December 18th to a cub scout unit in Avon Lake was a success. The most learning and fun was with code oscillators sending their names and sending "SOS".

Thanks to W8RET, Bob; K8AGW, Dan; W8GWD, Joe; WA8ERA, Lee; who lent me their code oscillators.

PS: WA8ERA Lee donated his code oscillator (a Vectronics) to the club so anyone needing to borrow it contact: W8KYZ

## **Sunshine Committee Reports**

*W8FJR Frank*

Well the good news is there is no news!  
But Frank wants to wish you all a happy and prosperous new year!

## Where's the DX? Taken From KB8NW Tedd's OPDX Bulletin # 1092.

- **3B9, RODRIGUEZ ISLAND ~** Juha, OH1LEG, is now active as 3B9/OH1LEG from Baie du Nord, Rodriguez Island (AF-017, WFF 3BFF-004, WLOTA 4265) until January 7th (2013). Activity will be holiday style on 160-10 meters using SSB, RTTY and PSK31. QSL direct only to his home callsign.
- **C6, BAHAMAS ~** Rick, K6VVA, informs OPDX readers: "I am now scheduled to return to the Bahamas again. This time QRV as C6AVA on North Bimini Island IOTA NA-048 from 11 to 14 January (2013). As always, this will be a primarily CW activation. I may also be QRV in the NAQP CW Contest. IOTA NA-048 is still needed by 86.1% of ASIA/JA IOTA Claimants, 70.2% in EU and more than 54.3% in NA. Special efforts will be made for ASIA/JA as I did from NA-054 due to the polar path route. Hopefully propagation will cooperate. An important note to Italian IOTA Chasers: If I send your callsign correctly the first time, please do NOT repeat your callsign 2 or 3 times as this unnecessarily wastes time. Stations who repeatedly call out-of-turn (Pileup "Bullies") will be confronted and run the risk of NOT getting into my log. If you cannot copy me, then please do NOT call. More Info at: <http://www.k6vva.com/iota/na048> \*\*\* QSL ONLY Via N6AWD."
- **H40, TEMOTU PROVINCE ~** Just a reminder that Sigi, DK9FN, will once again return to Temotu Province for a fourth time and be active as H40FN between now and January 7th (2013). QSL H40FN via HA8DD.
- **IOTA NEWS ~** AS-079. Take, JI3DST, will be active from Miyako Island between 0900z, December 27th and 0000z, January 7th. He states that he will use three different callsigns on the island: JS6RRR (Main), JI3DST/JS6 (Sub) and JA3YEC/JS6 (For JA). Activity will be on 160/80/75/40/30/20/17/15/12/10/6 meters using CW, SSB, FM, RTTY and PSK31. Operations may vary in case of heavy rains or other conditions. QSL routes are as follows: JS6RRR via JS6RRR, JI3DST/JS6 via JI3DST and JA3YEC/JS6 is only 1 way and does not need your QSL. Via bureau is best. Please check QRZ.com for more details.
- **VP2M, MONTSERRT ~** Nao, JN1RVS, is now active as VP2MRV from Montserrat (NA-103, WLOTA 1475) until January 3rd (2013). Activity will be on 80-10 meters using CW and RTTY. QSL via JA1HGY, direct or by the Bureau, and LoTW. There is a log search on ClubLog.
- **YJ, VANUATU ~** By the time you read this, Michael, VK2BXE, is expected to be active as YJ0MB from Port Vila until sometime in the New Year. Activity will be on all HF bands. QSL via his home callsign.

Please Note: This is only a SMALL part of: OPDX Bulletin #1092 LOG onto: [www.papays.com](http://www.papays.com) for the rest (Space permitting, only the parts relative to the time of distribution of The N.O.A.R.S. Log Were Included Here)
