June, 2013 - Volume 49 Issue 6

Welcome To NOARS Country

Where does the time go? It seems the older we get, the shorter the hours are. Before I go on with more of my Rants (see page 3), I would like to welcome the new members and let them know we are probably not much different than any other organization. 10% of the people do 100% of the work. In spite of the apparent discord, this is a great club (and I hate using that word because a "club" is something you hit people with). Ummm...that might get someone's attention. Sometimes, it seems we get in our own way. We spin our tires and get nowhere. Wait! That is not all true. We have had some real successes this year starting with the Winter Hamfest. As much as those of us organizing it fretted, you, the membership, came through in force. I am hoping that will happen again as we approach Field Day and NOARSfest. A majority of NOARS members are in the senior citizen age range so we need younger members to pitch in and help us out. Setting up for Field Day is no easy task anymore for some of us. If you view some of our past FD pictures, you'll notice we used to erect multiple towers with beams, and we had 8 stations running simultaneously. Not so now a day. However, with more people helping out, Field Day can be fun rather than a chore. So, come on out and help setup, operate, and tear down.

Until next month...73,

Carl W8KRF

Youth Net Suspended!
The Youth Op's Net will be suspended for now. Morgan will be reorganized at a future date.

NOARS NEWS

Rants N Raves

One of the goals of the Education Committee under the co-leadership of Rudy, KE4SJC and Alex, N8QL, is to present a short program at each of our monthly meetings highlighting an aspect of ham radio which will inform and educate members who may wish to upgrade or become aware of aspects of the hobby which they may have never experienced. If there is a topic which you would like to see presented, please contact Rudy or Alex at education (at) noars (dot) net.

Sunshine Committee Reports

W8FJR Frank

A card was sent to John Pearl who was hospitalized briefly.

Membership News!

Please welcome Chris, KD8URR and Petar, KD8UDY to NOARS.

Chris resides in Grafton. He is passed his Technician exam at our VE session in April.

Petar resides in Sheffield Lake and also passed his Technician exam in April.

(Just Rants and Raves From Cleveland)

Rave Department

I have nothing to rave about this month.

Rant Department

But...I have a whole lot to rant about. The repeaters: Yes, they are on the air but we are still getting complaints of interference. We were promised a "new" system months ago. Where is it? I was told that it would be installed by the end of April. Hey, it is the end of May and nothing. At the meeting, all I hear is bickering, finger pointing, and chest pounding. Those who throw around accusations are as guilty of the same behavior as those they are accusing. Someone, please explain to me how a person can look you in the eye and say he will do something, but never do it? How can someone say that something is so easy that anyone can do it, but he doesn't get it done? This isn't fun anymore. We could be doing so much more with this wasted energy.

Minutes of the May 20, 2013 Meeting Submitted by: Darlene Ohman, KA8VTS

The meeting began at 7:00 p.m., 21 members and guests present.

- **Treasurers Report:** Tom Porter, W8KYZ, a motion was made and seconded to accept the treasurers report as given. The motion was passed.
- **Secretaries Report:** Darlene Ohman, KA8VTS, a motion was made and seconded to accept the secretary's report as printed in the newsletter. The motion was passed.
- **Education Committee:** Rudy Fox, KE4SJC, was not in attendance. We had been planning to have a class in April, but that was too fast. We don't have any instructors or manuals at this time, so will be going to wait until the fall to start a class.

Minutes continued...

- **Newsletter:** Carl Rimmer, W8KRF, If you have items to sell, or an article you want to see in the newsletter get the information to me no later than the last Monday of the month. I need more things to put in the newsletter.
- **Membership:** Carl Rimmer, W8KRF, as of tonight we have a few new members from testing. Jeff Evans, KB8ZUN, inquired about our breakeven point, i.e., membership vs expenses. We were not prepared to present that information, but the Board will prepare a report.
- **Nets:** Morgan McKenna, KD8JNK, the nets are running fine. We need someone to run the net on the third Wednesday of the month. If anyone wants to come over and look at WD8IQJ's equipment, please contact me at KD8JNK @ yahoo.com.
- **Sunshine:** Frank Reese, back in April, John Pearl, K8RWR, was in the hospital and a card was sent to him. He is now out of the hospital and back home.
- **Web Site:** Carl Rimmer, W8KRF, I keep it up as best that I can. I made some changes and additions today.
- **DX:** Al Moriarty, N8CX, there has been a lot of noise. There have been a lot of sun flares and the bands are terrible.
- **Repeaters:** We are having trouble getting work done on the repeaters. We need someone who will have the time and knowledge to work on the repeaters. If anyone can help out, please contact Carl Rimmer, W8KRF.

Old Business:

Field Day: We will have a meeting at the site on Sat., June 8th at 10:00 a.m. Field Day is on June 22 and 23. We will be using a new logging program this year. We need operators/loggers. We will **not** be setting up on Friday. Saturday we will have hot dogs, potato salad & chips for lunch and for dinner we will have pizza. Sunday morning, we will have biscuits and gravy. Bring your own beverages and anything else you want to eat, we will provide drinking water and coffee. ARRL Field Day Pins will only be given to NOARS members who log in on the network and operate or log contacts.

NOARSfest: It will be on July 20th. It will be held at Lorain County Community College, in the Spitzer Center. We need a lot of help in the flea market, selling tickets and flea market spaces.

New Business:

No new business.

The meeting was adjourned at 8:15 p.m.

You don't have to be a techno-geek to enjoy this friendly net slanted toward the technical side of the hobby.

Hosted by: W8KYZ - KD8JNK - K8WRS - N8COI

OPDX Bulletin #1109

- **SU, NIGER** Pierre, HB9AMO, will be active as 5U9AMO from Niger between April 20th and May 30th. Activity will be holiday style on 80-10 meters CW using a TS-50 and a low hanging long wire. QSL via MOURX. Log will be uploaded to LoTW and ClubLog. For more details, updates and a log search, visit Pierre's Web page at: <http://www.hb9amo.net>
- **6V7, SENEGAL** Luc, F5RAV, will once again be active as 6V7T from Le Calao Resort, La Somome, between April 26th and May 5th. He will be operating from Jean-Francois, 6W7RV, QTH. Activity will probably be the same as last time -- on SSB and PSK31, and on 160-10 meters (including 17 and 12m with a dipole only). He will also participate in the Helvetia Contest (April 27-28th). QSL via only direct to his home callsign. See details on QRZ.com. Also, visit his BLOG page at: <http://f5rav.free.fr>
- **DXCC (At Dayton Hamvention 2013)** Bill Moore, NC1L, reports [edited], "The 2013 Dayton Hamvention is rapidly approaching and once again ARRL Awards staff will be on hand to check applications not only for DXCC, but all ARRL awards: DXCC, WAS, VUCC, WAC and Extra Class Certificate. While we will be there all weekend we suggest that you not wait until Sunday to have your application checked." A detailed PDF file is available to help guide you through the card checking process so that everything proceeds smoothly at: http://www.arrl.org/files/file/DXCC/2103_Dayton.pdf If, after reviewing the PDF file and you have questions, send an E-mail to Bill Moore, NC1L, at: bmoore@arrl.org
- **GB7, ENGLAND (Special Event)** Bill Cross, G0ELZ, Chairman of the Marine Museum Society, Wallasey, UK, and David Oakden G3UFO, have announced that special event callsigns GB70BOA and GB70WA will be on the air between May 20-27th. The event will be hosted by the Marine Radio Museum Society (Wallasey) [resident callsign GB4FPR], at Fort Perch Rock New Brighton. Members of the Wirral and District Amateur Radio Club (WADARC), the Chester & District Amateur Radio Society (CADARS) and the Tall Trees Contest Group [G5D] (based in Cheshire) will activate GB70BOA from Fort Perch Rock at the Mersey entrance and GB70WA from the Leasowe Lighthouse. The activity is to commemorate the 70th anniversary of the Battle of the Atlantic. Approximately 2,800 merchant ships were lost during this battle and 30,000 merchant seamen lost their lives. Similarly, 30,000 Allied Naval and Air Force personnel and 30,000 Kriegsmarine sailors also lost their lives. These numbers vary according to whose history of WW2 you read, and the above numbers are a rough average. Operations will take place on all band 80-10 meters, as well as VHF/UHF operations on 144 and 432 MHz on all modes. This event is especially important to Liverpool and other Merseyside hams because the battle was commanded from the Western Approaches command and is now a premiere WW II museum in Liverpool. Operators are hoping to make over 2800 contacts during this period. A special QSL card is being produced in commemoration. More details can be found on QRZ.com as well as: <http://www.clanlinereunion.co.uk/BA70-page10.html> GB70BOA and GB70WA are part of the official recognition of this event.
- **HI7, DOMINICAN REPUBLIC** Ronny, ON4ARV, will once again be active as HI7/OT4R from Punta-Cana, **Dominican Republic (NA-096)**, WLOTA 2974, WW Loc. FK58TN), between May 10th and June 1st. Activity will be on 20/15/10 meters on SSB and PSK, between 2000-2200z every day. Suggested frequencies are: 14266, 21226 and 28450 kHz. QSL only via LoTW and eQSL. More info is available on his Web site at: <http://www.OT4R.net>
- **IOTA NEWS EU-174.** Laci, HA0HW, will once again be active from **Thassos Island** (GIOTA NAS-037, MIA MG-124, WLOTA LH-4186, QRA KN20HS), but this time as SW8WW (ex-J48HW) between May 23rd and June 5th. He will operate mainly CW, with some SSB and RTTY, on the HF bands (usually on 40/30/20/17 meters) and on 6 meters. He will enter the CQWW WPX CW Contest (May 25-26th) as a Single- Op/All-Band entry. His rigs are usually a FT-840 with a MOS-FET amplifier (300-400 watts) and an IC-706 (for 6m only). Antennas are a monoband Gps and dipoles on fishing poles. QSL via his home callsign, direct or by the HA Bureau.
- **JD1, OGASAWARA** Just a reminder that Harry, JG7PSJ, will once again be active as JD1BMH from **Chichijima Island (AS-031)** between April 22nd and May 4th. Activity will be on 40-10 meters using CW, SSB and RTTY. QSL via the Bureau to JD1BMH or direct to JG7PSJ. Visit his Web page for more details at: <http://jd1bmh.zxq.net>
- **T6, AFGHANISTAN** Jesse, KB2OBQ will once again be active as T6JP from Panjwai in the Kandahar Province starting May 15th through August 2014. Activity will be on 160-10 meters (mostly 40/20/10m) using 100 watts, on CW and SSB. Logs will be uploaded daily (if possible) to LoTW, eQSL, QRZ.com. For more details, see QRZ.com (under T6JP).

Please Note: This is only a SMALL part of: OPDX Bulletin 1109. LOG onto: www.papays.com for the rest (Space permitting, only the parts relative to the time of distribution of The N.O.A.R.S. Log Were Included Here)

NEW CONTEST (RaDAR 2013)

The RaDAR-America contest is an event aimed at promoting the use of Rapidly Deployable Amateur Radio stations throughout North and South America. This contest is for all licensed radio amateurs. A choice is made prior to the contest to participate in one of the defined categories. The points system is so structured as to encourage portable operation, especially moveable stations. The event takes place the first Saturday of April and first Saturday of November starting at 14:00 UTC and ending at 18:00 UTC (4 hours). Complete rules can be found at: <http://radar-america.blogspot.com>

Mission Statement:

The Northern Ohio Amateur Radio Society

Is A Public Service Organization With The Purpose And Goal To Enhance The Amateur Radio Service Through Education And Fellowship.

- Meetings are held at 7:00 p.m. sharp on the third Monday of every month at Gander Mountain's "Gander Lodge" room! It is located at 5244 Cobblestone Rd. Sheffield Village, Oh. 44035. The meetings are open to the public and all are welcome. Tune in to the 9 pm Wednesday night NOARS net on the 146.700/444.800 MHZ. repeaters located downtown Elyria, Ohio for changes or updates in this schedule. Also the 146.700/444.8 repeater hosts the technical discussion net on Thursday Night at 8:00 pm.
- N.O.A.R.S. Repeaters can be heard at 146.700 (-) PL 110.9 & 444.800 (-) PL 131.8 in Elyria, OH, as well as, 145.150 (-) PL 110.9 in North Royalton, OH.
- Regularly scheduled NOARS nets are every Tuesday night at 8 pm on 28.370 MHZ, Wednesday night at 9 pm. for the rag-chew net and every Thursday night at 8 pm. for the technical discussion net on 146.700/444.800. The Youth Net is on Fridays at 5 pm. All licensed amateurs are welcome. NOARS membership is not necessary to participate. In fact all participation is encouraged and appreciated.
- NOARS can be found on the World Wide Web at: [http://www\(dot\)noars\(dot\)net](http://www(dot)noars(dot)net)
- NOARS Hosts two hamfest/computer shows annually. The winter hamfest in early February and the summer classic NOARSFEST hamfest and computer show in mid-July.

If this is your first copy of the NOARS log. Why not become a member and receive it on a monthly basis? Membership is open to anyone interested in communications. The dues schedule is: Full \$10, Associate \$5 (non -licensed), Family members of a full member are only \$2 ea. Make checks payable to NOARS and mail them to:

NOARS Membership Committee, 161 Herrmann Drive, Avon Lake, OH 44012

More items from the estate of Robert Super, N8HDE (SK):
