

NOARS LOG

April 2017

VOL:53 ISSUE:04

KY8OSU (You Remember the VicePrez) Ramblings:

In the absence of a statement by the president, I just have a few things to say. LCARA as agreed to work with us for field day, and agreed to use our call sign. They had not participated in field day for quite a while, I understand, so I'm not sure how many will participate this year. I think a **joint committee** of members of both clubs would be best for planning this event. I am sure we will welcome all that would like to join us and get to know them better. I would like to see a large crowd out, but that may not possible unless we all make some sacrifices to get our act together and participate. Some may lose a little sleep for those staying overnight, but I'm sure it will be worth that. And I want to learn about the DXing, getting to know other members and how to use the equipment more efficiently.

As far as the winter Hamfest went, I appreciated all those who attended and how hard they worked and got things done quickly and correctly. Everyone cooperated well and did what was needed. It was the best crowd I had seen in my years at Hamfest. And the vendors filled all the tables, I believe. I really believe it silenced all those who were ready to quit having it in the winter.

I attended Skywarn training on March 29 at the Gates Medical Center in Elyria. I received my spotter certificate and learned quite a bit about the program to warn others of bad weather. You may want to check into the Burning River Net on the 147.150/+ PL 110.9. @ 9:30PM, this Net is used as practice in passing messages in time of emergency.

And in finishing these ramblings about club related things, the one thing I want to accomplish this year is to present a revised constitution and bylaws for the club, I will need the help of others and I know it's not a glamorous or fun thing to do but it needs to be done to update what we go by. And personally I need to buckle down and study for my general license, not a fun thing to do either.

I hope everyone has a good April and a fun summer, with a successful field day and a fruitful NOARSFEST. **DAVE KY8OSU**
