Prez Sez

Our September hybrid meeting was well attended and very successful for the most part. There were some minor glitches with the share screen on Zoom, but other than that, I am pleased. For those who attended via Zoom and those who missed the meeting entirely, I have edited and uploaded a video of the meeting on the Members Only page of the website, including the presentations. Thanks to Bob, W8NNC; Elaine, KC8FOS; Tom, N8FDY; Bryan, N8OOF; and Tom, K1TRB for their very informative presentations. I was so impressed with K1TRB's talk that I bought both the NanoVNA and NanoSA from R&L Electronics and am having a blast learning all they can do. They will be handy when making adjustments or

testing the system for optimal operation at the repeater site.

From the comments, I gather that most of you are pleased with the new controller and repeater systems. The WiRES-X functionality on the 444.800 repeater is back online and working nicely. The 444.800 and 146.700 repeaters remain in AMS so that you can use them in either analog or digital (C4FM). The Relay Boards for the DR-2Xes that were approved during the membership meeting have been ordered. One will be on backorder, but the other should be here within the next week.

Jason, N8EI, President of SARA, contacted me regarding apparent interference from our repeater's

North Ridgeville Library October 18 at 6 P.M.

The Wide World of Radio Sport: The Benefits of Contesting and How to Do It

There will be time for group discussion as to why you enjoy contesting and to share your contesting stories.

You can arrive at or after 5:30 PM. Coffee and donuts will be available.

Nets

NOARS nets are Tuesday nights at 8 PM on 28.370 MHz, Wednesday Night at 7 PM on 146.700 MHz, PL 110.9, and Thursday nights at 8 PM on 146.700 MHz, PL 110.9. All licensed amateurs are welcome. Participation is encouraged and appreciated.

Continued from Prez Sez on page 1

AllStarLink Node during their nets on 147.39. After some adjustments, it appears the problems have been corrected, so I will continue to connect to their node Monday thru Saturday at 7:00 AM and Sunday and Wednesday at 10:00 PM. Please check in with them. They love having the numbers. We still have the continued local malicious interference from a yet unknown person, which occasionally disrupts the nets. Jason tells me that they have similar experiences there. I am sure it is only a matter of time until we identify the offender.

Yes, the days are getting shorter, and the temperatures are dropping, which only means it is time to check, update, repair, or winterize our antenna systems. Of course, as Tom, N8FDY indicated, waiting until it is a lot colder and blustery to assure that they will work is an option. Hi.

That is all I have for this month. Until next month,

73,

Carl W8KRF

Vice President's Message

Now the reality of leaving the area is coming closer, I find it hard to express my feelings. And even more, not knowing where I will end up for sure. The plan is to end up in Munday, Texas, unless things work out to go to eastern Tennessee along a nice lake or the Tennessee River. But I digress, that's not the point of this diatribe. I want to express thanks and gratitude to all members of NOARS and LCARA for the help and friendship they have shown me over the last 7 years (has it been that

long?). I have not been associated with a better or nicer group anywhere. I have received and given help, advice, information, parts, etc. from many members. I have served as both President and Vice President of NOARS and received excellent cooperation from everyone. But, the thing I will miss most is Field Day. That is the most enjoyable fellowship event of all. I wish I were not leaving, maybe I will return, at least occasionally. Hams are the best friends in the World.

Free Online Technician License Class

The Cuyahoga Falls Amateur Radio Club, with members throughout Summit and Portage Counties, provides free online classes for all ages to prepare potential Hams to take the FCC licensing exams. The club will start its

entry-level license-preparation six-week class beginning Oct 10th. For additional information visit the club's website www.cfarc.org.

NOARS Antenna Day October 2

As a follow-up to the Antenna Analyzer Program at the September Membership Meeting, we will have NOARS Antenna Day, at which you can see the three antenna analyzers presented at the meeting, as well as antennas to

test. We will be at North Olmsted Park at 11:00 AM. Feel free to bring your own antenna and/or analyzer for show and tell. All are welcome. See you there!

October Fox Hunt

This year's possibly last Fox Hunt will be Saturday, October 16 at 11AM in South Central Park, located in North Ridgeville at the intersection of Bainbridge and

Avon Belden Roads. Enter the parking lot on Avon Belden Road. Fox hunt gear is not required. We have some to share. See you there.

NOARS Holiday Banquet 2021

Saturday, December 4 from 6:00-9:00 PM

The banquet will be at the City Club Restaurant and Lounge, 25905 Lorain Rd., North Olmsted. The place holds 25-30 and we will have it to ourselves. It's in the same shopping plaza as Office Max and is around the

corner from the Original Mattress Factory. Look at the menu, on the next two pages. We need to let them know what foods people will want so they can have enough in stock. Let Elaine, KC8FOs, know by November 22 if you will attend and what you want to eat. The restaurant needs to know. ewilkinson1951@gmail.com.

BEST GYROS
EST 1987

MENU

GYROS, BREWS, & MORE!

SANDWICHES

Famous City Club Sandwich \$7.50

Ham, turkey, american cheese, bacon, lettuce, tomato, and mayo

Call Sign Change

Congratulations to Tom Miller, previous call sign W1PDI, current call sign W1PD. Many applied for the call sign,

but only Tom was successful in obtaining it. Way to go, Tom!

Dave, KY8OSU, is Retiring as Net Control Station

As Dave is moving on to other adventures in his life, his stints as NCS on the October 5th Tuesday 10 meter net and the October 7th Thursday 2 meter net will be his last. A big thank you goes to Dave for his service to NOARS

as a Net Control Station, club officer, and instances of helping when antennas needed attention. May the road rise up to meet you, Dave.

What's in On the Air Magazine This Month

On the Air is a great magazine for new hams as well as anyone who would like a clear review of the basics. It is available to members at the ARRL website. This month

there are articles on contesting, S-meters, basic troubleshooting, and more. You can read the magazine by going to <https://www.arrl.org/ota>.

Member Highlight: Jeany Hess, KC3QND

Starting on the Path of Amateur Radio

Jeany became interested in amateur radio through Pete, KE8NQK. She says she heard all the fun he was having talking on the radio and she wanted to do that, too. She was hooked. She studied for her Technician Class License here in Ohio and in Pennsylvania, where she has a second home. When the time was right, she passed the exam in Pennsylvania on November 11, 2020. She was described as being “hysterically happy.”

Jeany enjoys ham radio since it gives her the chance to learn new things, and meet and talk to people, including those in far-away places. Anyone who knows Jeany knows how friendly and ready she is to try new things and talk to everyone. She says amateur radio helps her deal with the stresses of life; as she puts it, “Talking on the radio is good therapy. Friendly talk is wonderful.”

Current Projects and Things to Learn

Jeany is studying for her General Class License, learning to build antennas, and investigating how the various nodes in ham radio work, such as those of Allstar, Wires-X, and DMR.

On the Air

Jeany’s favorite modes of operation are 2 M and those that use nodes. She has amateur radio set-ups in Ohio and Pennsylvania, and gets on the nets in both locations. She says the most exciting experience she’s had is contacting

a fellow ham in the Netherlands on 10 M using 100 watts.

Her favorite rig is her Icom 7300, which she got in May of this year. She likes it because it’s challenging, which is the sort of thing she enjoys.

Service to the Hobby

Jeany is a member of NOARS as well as Mercer County Amateur Radio Club (MCARC) in Pennsylvania. She serves NOARS as a Net Control Station on the Food Group (Wednesday evenings at 7 PM on 146.70) and is a member of the Program Committee and is a member of the Mesh Networking Committee of MCARC. Jeany also helps other hams here and in Pennsylvania with whatever needs to get done. As she is

heard to say, “It’s what hams do.”

Other Hobbies

Jeany also knits, crochets, quilts, gardens, cans food, she kayaks and fishes, rides a motorcycle, paints, and crafts in cement.

Things About Jeany You Might Not Know

She is a retired lab technician, having worked in a cheese factory in Pennsylvania, where she tested milk, whey, and cheese. She is a breast cancer survivor of sixteen years. She was widowed after fifty years of marriage, has two daughters and one son, five grandchildren, two great grandchildren with two more expected in January. As she puts it, life is good.

Folks and Their Antennas

Jeany, KC3QND, gets on the radio at her second home in Pennsylvania. This is a photo of her 2m antenna, a Cushcraft A148-10S 2M Yagi antenna, 144-148 MHz.

If you have any antennas you would like to show the group, send a photo to the NOARS Log at noarslog@noars.net.

September Fox Hunt

Nine people gathered for the monthly Fox Hunt on September 18: Al, N8CX; Tom, N8FDY; Elaine, KC8FOS; Carl, W8KRF; Sara, KC8KSU; Pete, KE8NQK; Bryan, N8OOF; Dave, KY8OSU; Jeany,

KC3QND. As you can see from the photos, after hunting we gather for conversation. All are always welcome at the Fox Hunts. No license nor gear are necessary since we only receive and there is gear to share.

Hams Helping Hams

Dan, W8AJF; Pete, KE8NQK; and Dave, KY8OSU traveled to Medina and helped Chris, KD2HCE with his

antenna. Dan welded and as Pete explained, the others helped with the heavy lifting.

September 20, 2021 NOARS Meeting Minutes

Submitted by Elaine Wilkinson, KC8FOS

This was a hybrid meeting, being in-person and broadcast via Zoom. Carl, W8KRF set up the equipment for the hybrid meeting.

The meeting was called to order at 6 PM by club President, Carl, W8KRF. Twenty-five members and guests were in attendance. Those on Zoom expressed thanks for its being a hybrid meeting.

The Pledge of Allegiance was recited, followed by roll call by call sign.

Carl made a motion to accept the minutes of the August meeting, which occurred after the Annual Picnic, as they were in the newsletter. Seconded by Ann. KA8ZEP. The motion passed.

Treasurer's Report – Tom, W8KYZ. Expenses explained, including expenses for the repeater. No questions, balance was announced. Pete, KE8NQK, made a motion to accept the Treasurer's Report, seconded by Chris, KD2HCE. The motion passed.

Committee Reports

Parliamentarian - No report.

Club Property - Tom, W1PD. Not present. Carl will give the club's loop antenna to Tom, W1PD.

Repeaters - Carl, W8KRF. Maintenance needs on the repeater explained, including two malfunctioning Yaesu DR2Xes, due to a known problem with the boards in the repeaters. Discussion and suggestions ensued. Carl, W8KRF, made a motion that the club allow \$250 for the purchase of two relay boards for the DR2Xes. More discussion ensued. The motion was seconded by Pete, KE8NQK. The motion passed.

Jeff Stender, KE8SSX introduced himself. He's a new ham and attending his first meeting.

Website - Carl. The website is up-to-date.

Membership – Currently we have ninety-nine members.

Social Committee - Elaine, KC8FOS. October socials are NOARS Antenna Day on October 2 at 11 AM at North Olmsted Park, which will be a chance to see and use the antenna analyzers reviewed this evening; monthly lunch at

Kumo Restaurant at noon. 1975 Rockside Road; Fox Hunt at 11 at South Central Park in North Ridgeville. The Holiday Banquet will be December 4 at 6:00 PM at the City Club Restaurant and Lounge, 25905 Lorain Road, North Olmsted.

Programs – KC8FOS. The October program will be announced.

Winter Hamfest – Carl, W8KRF. Second Sunday in March, on the 13th. Help will be needed.

Sunshine - Tom, W8KRF. No report. Bryan, N8OOF, announced that the father of Ed Stevens passed away.

Nets – Elaine, KC8FOS. The coffee klatch is not going well, but will remain open. Discussion ensued, including Jeany's saying she gets on the 146.700 repeater and hardly anyone is on. Success of Barometer net mentioned. 10M net on Tuesday nights at 8 and Food Group, on Wednesdays at 7 PM are doing well, as is the 2M net on Thursday nights at 8.

VE Testing – Tom, W8KYZ. No testing, the Elyria Red Cross building is still closed.

Newsletter - Tom, N8FDY. Deadline for submissions is September 27. Email submissions to noarslog@noars.net.

New Business - Treasurer and Secretary's terms are ending. A nominating committee is needed to find people who would like to run for those positions. This is a formality. Pete, KE8NQK and Jeany, KC3QND, accepted Carl's invitation to be the Nominating Committee. Nominations will be presented in the October meeting, including any from the floor. Voting will be in November at the membership meeting. If Dave, KY8OSU, leaves the area, there will be a special election to fill the vacancy of Vice President.

Tom, W1PD arrived. His previous call sign was W1PDI. He recently changed it to W1PD.

A motion was made to adjourn the meeting by Dan, W8AJF, seconded by John, W8LYO. The motion passed. The meeting was adjourned at 6:45 PM.

Following the meeting, a program reviewing Antenna Analyzers was presented, including show and tell by members who brought theirs to talk about.

Ad Submission Guidelines

Electronic ads may be emailed to noarslog@noars.net.
Printed ads may be sent to NOARS Log, 161 Herrmann Drive, Avon Lake, OH. 44012. The deadline for submissions is seven days before the first day of each month. All must include: asking price, sellers name, call sign and phone number. Only ads from current NOARS

members, or paid advertisers will be accepted. If your items sell, please notify the Log editors at noarslog@noars.net so the ad can be removed. All ads will be removed (unless updated) after four months. NOARS reserves the right to refuse any ads.

We're Here for Your Ham Radio Needs

The Showroom is Temporarily Closed to Walk-in Customers, But You Can Still Place Your Orders & Pick Them Up at the Curb.

- Available from 9 am – 8 pm, Monday-Saturday and 9 am – 7 pm, Sunday.
- Place your order at DXEngineering.com or by calling 1-800-777-0703. All orders must be prepaid.
- Pull into a designated curbside pickup space in front of the Summit Racing Retail Store. You will need valid ID, your order number, and the physical credit card you used or Pay Pal receipt.
- Only the person who purchased the item may pick up the order.

Please note that the Summit Racing portion of the store is open. If you know your DX Engineering part number, you can place your order directly in the store and pick it up there.

We look forward to seeing you!
